CALL FOR PAPERS

www.sccg.sk

SPRING CONFERENCE ON COMPUTER GRAPHICS (SCCG 2013)

Comenius University Bratislava
and
The Slovak Society for Computer Science

invite you to probably the oldest regular meeting of computer graphics community in Central Europe.
The SCCG attempts to cover all interesting projects from computer graphics, image processing and applications.

CONFERENCE TOPICS

- rendering
- geometry modeling
- natural phenomena
- visualization
- image processing
- computer vision
- computational photography
- applications

The philosophy of SCCG is to put together top experts with young researchers in CG and to support a good communication channel for East-West exchange of prospective ideas.

SUBMISSIONS

We welcome scientific papers to be printed in the proceedings. We also welcome posters and computer animations with annotations to be printed in the second part of the proceedings.

Post-conference proceedings will be published by ACM Digital Library.

Three best papers, as appointed by the IPC, will also be published in Computer Graphics Forum journal.

Organizers:

In cooperation with:
