

Call for papers

Dear colleagues!

The National Research Nuclear University “MEPhI” (Moscow, Russia) has started the publication of “Scientific Visualization” Internet Journal (<http://sv-journal.com>).

Materials published in journal are devoted to different aspects of scientific data computer visualization development and application of its tools and methods. Materials are published as papers and short communications. Authors may use English or Russian as publication language. Title of article, list of authors and abstract are presented both in Russian and English languages.

The primary aim of the Journal is to publish high quality original works on computer scientific visualization. Previously published works are not acceptable unless there is considerable update.

We invite you for cooperation and would be glad to publish your papers and short communications!

Editorial Board Scientific Secretary
